

## GREAT ROCK RIVER ASSEMBLY STARTS ON NEXT SATURDAY

LARGE NUMBER OF TENTS ENGAGED INDICATES PLEASING PATRONAGE

### MAYOR ASKS DIXON'S HELP

Urges Dixonites To Show Appreciation of Grounds By Attendance

The outlook for this year's session of the Rock River Assembly, which opens a week from tomorrow, is most encouraging and with good weather during the two weeks meeting the attendance will doubtless be quite large. The number of tents already spoken for is as great now as it was on the opening day of the Assembly a year ago. The number of out-of-town parties who have made reservations is quite large and it is expected that between now and opening day the number will be increased. The residents of this city have the advantage of the use of the grounds during the year when the Assembly is not in progress and they should be liberal in lending their support by attending the Chautauqua. The tickets are now on sale and all who can should promote the enterprise by purchasing.

#### Mayor Asks Support

Mayor Henry Schmidt has issued the following statement in which he asks the citizens to lend their support:

"The annual meeting of the Rock River Chautauqua Assembly will open in this city Saturday, July 31. Many strangers are attracted to our city during the sessions from all parts of the state and they leave feeling well repaid for their visit to Dixon. The management this year have used their best endeavors to get together a very strong program and I would urge the citizens of Dixon to lend their support in attending the sessions as often as possible. The grounds are thrown open to the public during the year, except during the time that the Assembly is in progress and many take advantage of seeking recreation there during the warm summer days. In appreciation of this courtesy the residents of the city should eliberal with their attendance."

### WATER MELONS OF GOOD FLAVOR

Crop, While Not as Large as Usual, is of Excellent Quality.

The local commission men are now handling many cars of water melons and while the crop this year is reported not as large as in some former years, the quality is fine. The melons are tender and have a delicious flavor uncommon the past few years because of efforts of planters to grow them with stiff rinds to withstand shipping. Two cars were received here over the I. C. from the south this morning.

### DEKALB CAPTAIN UP IN THE AIR

Knows His Company Is to Camp Here But Has No Orders.

DeKalb, July 23—Captain Henry Goodison is in a quandary. He knows that his militia attachment is going to Dixon for next week, but just when and how he doesn't know yet pending official orders from the state militia officials.

He has expected the advices for two days, in fact all the week, but up to the present there is nothing doing and he looks for some hard, quick work when he does get the news.

He does not know for sure whether the troops will leave here on Saturday night or Sunday morning, but will have all his equipment ready in either event.

### HAVE NEW DRAWING TEACHER

Miss Helen Gopen to Supervise Drawing and Art Classes.

Miss Helen B. Gopen, who has been a student at the Chicago Art Institute, is to have the supervision the coming year of drawing and art in the Dixon high school. Miss Gopen succeeds Miss Hazel Todd, who has managed the department so successfully for a number of years.

## Thousands Heard Excellent Concert By Second's Band

Chicago Organization Performed Most Pleasingly For Thousands

The Second Regiment, I. N. G. band, under the direction of Chief Musician Albert Bobene, treated thousands of people who crowded the court house square and streets for blocks around, with one of the most pleasing band concerts heard in this city in many months, on Thursday evening.

The band of twenty-eight pieces, assisted by the drum corps and bugle corps of the regiment, played with snap and style which were a decided credit to themselves and their director, who has only been in charge of the band since the first of the year, but who is maintaining it at a high standard.

The band played in excellent tune, with pleasing expression and happy tonal balance, some of the organ effects of the brasses being of exceptional merit.

The band demonstrated varied ability, also, playing a technical overture.

## CONNECT DIXON WITH SUPPOSED DROWNING

CARD FOUND ON BANK OF CHICAGO RIVER MENTIONS LOCAL WOMAN.

### KNOWS NO ONE OF THAT NAME

Chief of Police A. T. Tourtellott received a telephone call from Chicago about midnight notifying him of the supposed drowning in the Chicago river of George W. Leadyard. In a count found on the river bank was an identification card giving the name and request that in case of accident Mrs. W. J. Norton of Dixon, Ill., be notified.

The officers were unable to find anyone knowing a person named Leadyard. This morning Officer Winters visited the home of Mrs. Mary Norton, widow of Wm. Norton, West Tenth street, to see if she knew anyone by that name or could throw any light on the supposed drowning. She knew no one by that name but did not know what may have become of her son, Harvey W. Norton, who was sent to the reformatory at Pontiac.

Mrs. Norton has a sister in Chicago and she has communicated with her to see if Harvey had been there yesterday.

## COMPLETE PAVEMENT ON CRAWFORD AVE.

RINK & SCHNELL EXPECT TO HAVE IMPROVEMENT FINISHED TONIGHT

Contractors Rink & Schnell expect to have their paving contract of North Crawford avenue, completed by this evening. They have been considerably delayed in the work by the crossing for the street car tracks at the Illinois Central railroad tracks being slow in coming. The planking between the rails is now all in place and the contractors have today been raising the depressions between the rails of the street car tracks caused by water getting under the brick. With the paving continued on to the epileptic colony next spring it will make an ideal street.

### ELK'S SPECIAL COMING SUNDAY

## GERMAN SUBMARINES SCoured SEAS FOR BALTIC CARRYING GREAT QUANTITIES OF WAR SUPPLIES

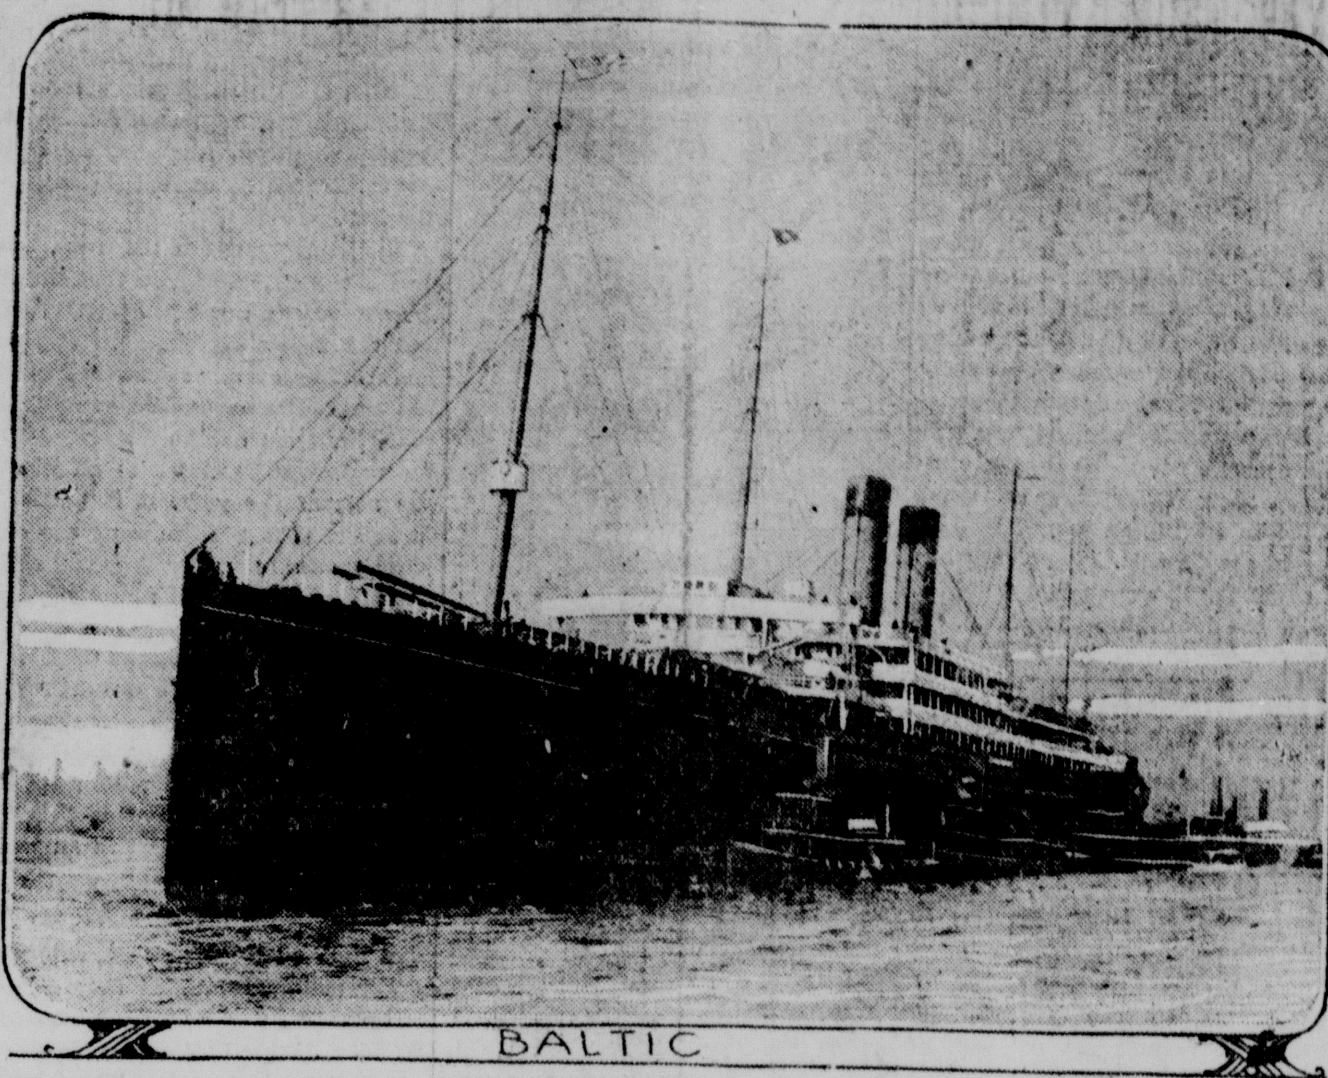

Photo by American Press Association.

German submarines were on the alert for the White Star liner Baltic when she sailed from New York for Liverpool. She had on board 15,000 tons of ammunition, provisions of all kinds and fifty auto trucks, which were piled high on her deck. She had a number of sandbags piled about three feet high around the wheelhouse aft on the promenade deck as a protection to the steering gear in case the ship is attacked by shrapnel fire from the German submarines. Similar precautions have already been adopted on the White Star liners Adriatic, Arabic and Cymric. By a new regulation of the International Mercantile Marine company, issued since the fire on the Minnehaha, believed to have been started by a bomb secreted in the cargo, none but passengers were allowed on the ship. Extra guards were on duty at the entrance of the White Star pier, foot of West Nineteenth street, and friends of passengers were allowed to go as far as the end of the gangway when vouched for by those sailing on the vessel. In addition to the ordinary life belts for adults the Baltic has a number of smaller belts for the use of children and several wooden life rafts on her boat deck.

## FATHER DONOHUE IS APPOINTED PASTOR AT SOUTH BELLOIT

POPULAR ASSISTANT PRIEST OF ST. PATRICK'S CHURCH IS HONORED

### HAS BEEN HERE THREE YEARS

Will Take Charge of New Duties First Sunday in August

Rev. Father James T. Donohue, who since October 1912 has been assistant priest in the Dixon parish at St. Patrick's church, has received an announcement from Bishop Muldoon that he has been appointed pastor of St. Peter's church in South Beloit, Ill. The news of the transfer of the assistant pastor of the Dixon charge to Beloit, while it means promotion and recognition of the ability of the popular young man, is nevertheless disappointing to his many friends in Dixon who are loath to part with him.

Father Donohue was ordained in June 1911. He was first sent to Harvard Ill., where he was assistant and temporary pastor for about 16 months and was then transferred to Dixon. He will take his new charge the first Sunday in August and will be in Dixon only a few days longer.

Father Donohue has been connected with the local charge for nearly three years and during his residence here has gained the love and esteem of the parishioners, as well as the deep respect of all our citizens. Quiet and reserved in manner, but

## TEUTONIC DRIVE ON WARSAW CHECKED BY RUSSIAN ARMY

BERLIN CORRESPONDENTS GIVE PRAISE TO RUSSIANS FOR GREAT BRAVERY.

### TURKS CONCENTRATING ARMY

New Troops Are Being Mobilized On Gallipoli Peninsula Front.

(Associated Press)

The French press today commemorates the anniversary of the ultimatum which Austria sent to Serbia and which led to the great European war, by voicing the resolution of France and her allies to carry on the war unswervingly.

#### Germans Checked.

The Teutonic drive on Warsaw appears to be checked, temporarily at least, by the strength of the outlying defenses. Along a curving front extending northwest around the city the Russian line is wavering, Berlin claims, but is not yet broken. From the fortress Nvogeorgiusk along the line of Narowto Nerth, the Russians are fighting desperately.

#### Praise for Russians.

Southeast the great armies of Gen. Mackensen are engaged in a mighty thrust for the strategic Lublin-Chelm railroad line. The issue is not decided but the capture of Lublin and Chelm is only a question of a brief time, according to Berlin correspondents who praise the bravery of the Russians for their strong resistance in the face of a shortage of ammunition.

Because of the sandy roads in southern Poland twelve teams are necessary to draw each of the heavy German guns. The Russians are retreating one step at a time there, and on the other fronts the Russians are

### CONSIDER NOTE TO ENGLAND

President Wilson to Go to Cornish to Formulate Plans.

(Associated Press)

Washington, July 23—President Wilson plans to leave Washington for another visit at Cornish, N. H., within 24 hours. During his absence he will consider the next step of the United States in its Mexican policy and a new note to Great Britain concerning its interference with neutral commerce. The note will probably go forward next week.

Plans for repairs on the Pulver bridge in section 32, Lee Center town ship—abutment and wing wall—have been gotten out by Mr. eNighbour. Inasmuch as the bridge is within the statutory distance of the 80 rods of the town line, the expense of repairs will be borne both by Lee Center and Sublette townships.

## SETTLE ARMS STRIKE QUIET AT BAYONNE

TROOPS MAY NOT BE NECESSARY—TODAY IS PAY DAY AT BAYONNE

### LABOR TROUBLES ARE ALARMING

(Associated Press)

Bridgeport, Conn., July 23—Vice President Johnston of the structural Iron Workers' Union stated today that the strike on at the Remington Arms Co., and co-operative plants is virtually settled and that all that remains to be done is a ratification of the agree ments. The next move for an eight-hour day will be against the Winchester Arms Co. of New Haven, he said.

#### Quiet at Bayonne

Bayonne, N. J., July 23—Comparative quiet prevailed around the oil plants here today. Crowds gathered near the works but there were no threatening moves. The Sheriff now believes there will be no need for troops.

The funeral of T. Stranchik, the first of the riot victims, was set for today, and this together with the fact that today is pay day at the works, caused some uneasiness among the officials.

The Sheriff is endeavoring to have the men postpone for a week the collection of their pay.

Washington, July 23—Officials of the Wilson administration are becoming seriously alarmed over conditions in the labor world and agencies of the government are about to be set in motion in an effort to adjust the strikes at Bayonne, N. J.; Bridgeport, Conn., and the threatened walkout of the skilled mechanics in the Washington navy yard.

At the request of Sheriff Eugene F. Kinkead of Jersey City, acting Secretary of Labor Densmore has appointed John A. Moffit of Jersey City and James A. Smyth of Pennsylvania to act as conciliators in the trouble at Bayonne between the Standard Oil company and its striking employees.

## OFFICERS GUESTS THURSDAY EVENING

About a hundred officers of the Second regiment, the governor's staff and the brigade, Lieutenant Governor Barratt O'Hara, Col. Garrity, Acting Adjutant General Shand, and all the members of the Second Regiment band were entertained at a reception and lunch at the Elks' club in Dixon last evening.

The Lieutenant Governor, Col. Garrity and Acting Adjutant General Shand, who arrived from Chicago last evening, held a reception in the lounge room of the club and the Dixon people were introduced. These officials and the officers of the regiment were given refreshments in the banquet room of the club house and after the band concert the members of the regimental band and the drum corps were also entertained in the banquet hall.

## NEW LAW PROVIDES COUNTY MUST PAY HALF BRIDGE COST

GALENA AVE. STRUCTURE CAN BE REBUILT AT JOINT COST.

### CITY SHOULD PETITION AID

In Which Case Board Would Have to Approve a Like Sum For the Work.

Interested persons are again raising the question of building a new bridge across Rock river some place west of the present Galena avenue bridge, on the grounds that the present bridge is inadequate, taken up with street car lines, is rough, and so forth. All of which claims have more or less foundation.

The Telegraph has investigated matters along this line and finds that if the city should decide that a new bridge is needed, a way can be arranged whereby the city would only have to pay one-half the cost of constructing such bridge and it is also found that in case the city decides to widen the present Galena avenue bridge to street width (an action greatly favored by many), that a way could be arranged so the city would only have to pay one-half of this repair.

#### New State Law.

The method is contained in the amendments to House Bill No. 523, recently passed by the Illinois legislature and since July 1st, a law of the state.

House bill No. 523 is an act entitled, "An act to revise the law in relation to roads and bridges." Briefly, it says that in cities, towns or villages under 15,000 inhabitants, the county board of supervisors may at their discretion construct bridges such as Dixon proposes to build, and that the entire cost of the bridge be paid for by the county. Inasmuch as Dixon is regarded by the country districts as always being after more than her share, it is not likely that the county board would jump at the chance to build the new bridge, but, another section of this newly amended law now says that when a bridge such as Dixon proposes to build is needed in a city, town or village of 15,000 or less, the city council may petition the county board for aid and the county board shall appropriate from the county treasury a sufficient sum to meet one-half the expense of constructing or repairing said bridge, on condition the city or village shall furnish the other half of the required amount.

According to the way the newly amended law reads, the city commission has to decide that the present bridge should be widened or that a new bridge must be built, petition the board of supervisors and that body has no way of evading the payment of one-half the cost of the improvement.

One of the provisions in the law is that this method may only be used in cities and villages where the road and bridge tax in the town or district has been up to the full legal allowance for the past two years. Dixon township fills this requirement.

### GERMANY HAS AMERICAN NOTE

U. S. Statement Was Handed to Berlin Foreign Office.

(Associated Press)

Berlin, July 23—The American note was handed to the German Foreign Office this afternoon.

Miss Mary McGrath leaves this evening for Rock Falls where she will visit her sister, Mrs. Frank Wormell.

FLORENCE.

Florence is an Italian city which has been contributing liberally to history for almost two thousand years and may get another chance to do some more in the next few years.

It is situated about two hundred miles northwest of Rome on both sides of the Arno, a trifling river which has made its entire reputation by being spanned by Florence's seven bridges. Many historic and romantic characters have been soaked in the Arno at Florence and some of the greatest men in history have fished in it with bent pins when boys.

Florence is so beautiful and romantic that many novelists and poets have made themselves famous by writing about it. It has one hundred and seventy churches, each of which causes the modern architect to roll his eyes despairingly. It has enough statues to carry an election if they could vote and it has a large number of palaces, the smallest of which is larger than the Ford automobile factory. One of these palaces contains a picture boulevard over a thousand feet long and wider than a Florence street. This boulevard is lined with paintings valued at from \$1,000 to \$100,000 a square foot. And yet Florence has gone cheerfully to war.

American tourists flock to Florence

to enjoy the unapproachable springs, the beautiful streets, the paintings which even a captain of industry cannot buy; the odor of history and art which pervades the whole city though badly flavored in spots with other odors. It is hard to find an American city today which has not some fine residence carefully copied from a wonderful renaissance woodshed in this marvelous city.

Florence was founded before history was in good working order in Italy and was strongly in politics when the A. D.'s began. Fourteen hundred years ago it was ruined and forgotten, but came back two hundred and fifty years afterward in greater splendor. However, the republican party beat this record by two hundred and forty-five years.

More great men have lived in Florence than in any other city of its size. In one church Michael Angelo, Galileo and Vachiaelli are buried. But Dante is not buried in Florence, thus getting revenge on the city which tried hard to roast him alive for political reasons.

Leonardo da Vinci painted his pictures in Florence. Five popes were Florentines. The Medicis ran in town for centuries. But finally two famous men got into the place at one time. Guelphs and Ghibellines got to fighting and Florence went out of business in consequence.

We have not mentioned the population of the city, because it is of no importance. Many American cities would do well to ponder upon this fact.

er."

Nothing but the best is booked at the opera house and one of the main features is the cleanliness in every manner of all acts and companies playing this theatre.

Episode No. 3 of "The Broken Coin" will be shown this evening. Two reels of sensations, entitled "When the Throne Rocked." The other picture for tonight is "Pokes and Jabs," full of uppers and laughter.

## PEOPLE CAN AID IN KEEPING CITY CLEAN

STREET DEPARTMENT HAS COM-  
PLAINED OF UNTIDINESS  
OF RESIDENTS.

The matter of keeping the pavements of the city clean is quite an expense to the street department. A new sweeper has recently been purchased and the idea is to sweep the streets of the business district twice a week, the alleys about once a week and pavements in the residence district weekly. By this plan the streets can be kept looking well if the residents on paved streets would desist from throwing rubbish into the street. In the business district some merchants in certain instances after sweeping stores, have the habit of pushing the dirt into the street. This makes a very dirty looking street and the practice should be stopped. In the residence district some even put the cut grass into the street and the heavy rains have washed the refuse into the catch basins and these have become clogged. It is up to the people to assist the officials in every way possible to keep the streets in presentable shape all the time and a little forethought can do this.

## DIXON OPERA HOUSE.

## TENNIS MATCH AT ASHTON WEDNESDAY

DIXON PLAYERS SPLIT HONORS  
WITH ASHTON AND ROCHELLE TEAMS.

Ten Dixon fans spent the afternoon in Ashton yesterday, playing against Ashton and Rochelle teams on the three splendid courts Ashton affords. The Dixon girls were beaten by the Ashton girls and two of the Dixon men suffered defeat at the hands of the Ashton players, but Dixon came out with a quite creditable score, defeating two Ashton teams and the Rochelle team with one of the Dixon teams. The Rochelle team took one match from one of the Dixon teams also. The three courts were kept working from one-thirty until evening and the visitors were loud in their praises of the condition of the courts, which are built of dirt, well rolled and smoothed, surrounded by closely cropped green turf and ample boundaries and stops of wire netting. The Ashton people are to be congratulated upon their enterprise and good fortune in having such an excellent place to play tennis. Dixon only has one court for the use of its club, although the local club hopes to expand this season.

## BANKER'S SON FOUND LYING IN ROAD SHOT

Paul Clark, of Herrick, Ill., Is  
Mystery Victim.

Shelbyville, Ill., July 23.—Paul Clark, twenty-one years old, son of a prominent Herrick banker, was shot and probably fatally wounded when on the way from Pana, Ill., to Tower Hill.

Clark was found on the highway with two bullet wounds in his stomach. He was unconscious and the identity of his assailant is not known. There are a number of rumors as to the identity of the assassin, but until the young man recovers sufficiently to make a statement none have enough ground to warrant even their investigation. The young man had no enemies, so far as can be ascertained.

## PORTABLE HOMES FOR NEEDY

Britain Contracting for 20,000 for  
France and Belgium.

New York, July 23.—Negotiations likely to be concluded shortly probably will bring to Brooklyn the most unusual, as well as one of the biggest of war orders. A contract for 20,000 portable houses to be used by refugees in Belgium and Northern France is involved and aggregates many millions of dollars.

The British government is the purchasing agent.

Send the Evening Telegraph to your out of town relative who is interested in the home town news. The price is \$3.00 a year, which is less than 1 cent a day.

## DO DIXON FANS WANT BASE BALL? ANSWER TO BE TOLD SUNDAY

FIRST OF THREE GAMES TO DECIDE QUESTION WILL BE PLAYED THEN.

The first of three games, wherein the fans of Dixon can show by their patronage whether or not they want baseball in this city the rest of the season, will be played at Lincoln park Sunday afternoon at 2 o'clock when the Home Guards will meet the fast "Mt. Morris out". Lightner will be on the mound for Dixon and Mt. Morris boasts several ex-leaguers, so the contest should be of real interest all the way.

The management of the team, who own the park, announce that unless the attendance Sunday, next Tuesday and the following Sunday shows a marked improvement over that which has marked the preceding games this year, the team will be disbanded and the park will be closed to all games the rest of the year. It is believed, however, that the fans of the city want baseball and that they will show the players so in the remaining contests.

## SAXON ROADSTER \$395

## Cheaper than a Vacation

The money you would spend on a vacation this Summer would almost, if not quite, pay for a Saxon Car. In fact, if you are planning to take a trip of even two weeks with your wife you will probably spend more than the price of a Saxon.

And when your vacation is over, what have you to show for it?

You have had rest and you feel better—but so you would with a Saxon.

You have seen some places you never saw before—but so you would with a Saxon. You have a lot of pleasant memories—but so you would with the Saxon.

And besides, if you spend your vacation money for a Saxon—at the end of the Summer you will still have the car.

It will make every month a vacation. It will give healthful recreation to you and your family.

And next year you will still have it for next year's vacation.

SUBSTITUTES NOT WANTED.

The reception that Herr von Jagow's last note on the Lusitania question has met with in America has, according to all reports from Berlin, put the German mind into a condition of plaintive surprise. It seems impossible, says one Berlin newspaper after another, that Germany's great liberality and friendliness should not be welcomed with appreciation and pleasure. "The Tageszeitung declares," says a cablegram to the Times, "that American politicians must appreciate that the German propositions are practical and that Germany on her own initiative has made extraordinary concessions." What America wants, however, is not "extraordinary concessions" but ordinary concessions made in pursuance of our initiative. This idea does not seem to occur to the German mind at all—the idea that when we ask for the exercise of an unquestionable right we are not content to take something else which they assure us is just as good. That sort of thing may be extremely "practical" in ordinary dickerings involving no question of principle; but in this case the principle is everything. Indeed, the initiative of the German government has been so extraordinary, and its schemes for giving licenses to American ships so ingenious, that it is hard to see why they did not go a step further and offer to pay Americans who desired to cross the ocean a reasonable compensation for staying at home. Doubtless a perfectly "practical" method might have been devised for assessing the rates of payment.

THAT MILEAGE BILL.

The legislators who refused to accept their mileage checks showed courage and honesty and should be commended for their stand, but it is doubtful if they will gain by it for the wrong is not in accepting the money, but in voting it through. If the legislature has passed a law, which it has, allowing this mileage, it is all right and fair for the members to take the money due them. If the thing has any shady spots the men who voted it through are the ones to blame.

We do not see any reason why the state of Illinois cannot afford to transport its law-makers to the capital, anyway. These men are unselfishly giving their time and effort to the state for comparatively small remuneration. Why should they pay out their own money to go to Springfield to work for the state? The state receives the benefits and should "pay the freight."

WE ARE WILLING TO BE OLD-FASHIONED.

It is quite generally conceded that President Wilson will reject Germany's proposals to insure the safety of Americans traveling on the high seas and stick to the country's rights under international law. While the note will in no way be an ultimatum, it is believed that it will be firm and explicit. England will also be given to understand that she must not interfere with our neutral shipping and that the unwarranted seizure and delay of cargoes must stop. Our rights under international law will be invoked in the note to England on this subject. Europe may consider Wilson somewhat old-fashioned in placing so much faith on the laws of the nations that have stood us in such good stead for so long but we have not yet reached the point where we may throw all humanitarian principles to the winds and get back to the days of barbarism. Being out of date in this respect is a credit to him and the people whom he represents.

WOMEN HAVE NEW PEACE PLAN.

Women can prevent war, according to Mrs. Marion C. Wentworth, author and prominent in the feminist movement throughout the country. She advocates a sex strike, should war threaten the United States. Her arguments, summed up as follows, are sound and worthy of consideration:  
"Women have the power to say whether peace or war shall prevail.  
"A sex strike of a million women would make war by the United States or in any other country absolutely impossible.  
"Women hold the gift of life in their hands and they have the right to refuse the gift if life is to be sacrificed to the war god."

MEN ARE CHEAP AND PLENTIFUL.

A horse or mule is today a valuable thing to the armies of Europe. It takes actual money to get them. The same can be said of all the munitions of war. But men are cheap. The respective governments do not have to buy them. Of course they have to feed and clothe the men, but there is no great initial expense in getting them. Thus, in war human life is the cheapest thing to be provided. It may cost tears and sorrow and want, but those in charge do not have to pay.

OUR "RESERVE" FORCES.

Edison is not so old as Zeppelin; Orville Wright is much younger. The kaiser is more afraid of our machine shops and laboratories than of our army and navy. No country ever lost its liberties that had an Edison and a Wright in reserve.—Brooklyn Eagle.

THINK BEFORE YOU TALK.

It is not a bad sign that Secretary Lansing shows like President Wilson a disposition to think things out alone before talking about them. Successful government by the people depends as much on thinking as on talking.

MISS DODSON IS MUCH BETTER.

Miss Charlotte Dodson, who early in the week was reported to be in a critical condition as a result of hemorrhages following an operation for the removal of her tonsils, will go to her home in Polo tomorrow for a rest before returning to Dixon to resume her duties. It appears from the statement of the attending physician that at no time was Miss Dodson in danger, and that the early reports of her condition were greatly exaggerated.

TAKES RUSHVILLE HOTEL.

G. G. McCarty, former landlord of the Dixon Inn, has gone to Rushville, near Beardstown, where he will assume the management of the

Schuyler House. During his stay in Dixon Mr. McCarty and family have made many friends who will wish him continued success in his new home.

ADVERTISING ASSEMBLY.

W. E. Trein, H. M. Rasch and W. W. Phillips drove to the eastern part of the county, taking in Franklin Grove, Rochelle, Steward and Lee Center in an advertising tour for the Rock River Assembly.

Edward Trautman returned yesterday from a trip to Ardmore, S. Dak., looking after land interests. He will resume his work as night ticket agent at the Northwestern station tonight.

## BANK LOSS HITS STOCK HOLDINGS

RECEIVER SAYS \$2,000,000

W. C. Niblack Declares Assets of Defunct La Salle Street Concern Total Only \$350,000—Judge Windes Orders Receiver to Proceed Against Share Holders to Recover Shortage.

Chicago, July 23.—At the conclusion of the testimony of William C. Niblack, receiver, Judge Windes issued an order directing him to proceed to enforce the liabilities of the stock holders of the La Salle Street Trust and Savings bank to its creditors.

The order directs that this shall be done by Mr. Niblack's filing a cross bill in the suit brought by John F. Golden and the Importers and Manufacturers' company against John A. Cervenka, Mr. Niblack, as receiver for the bank, and the stock holders and by such other suits or proceedings as may be necessary to enforcement of the liabilities.

Assets Are Insufficient. The order finds that the assets of the bank are insufficient to discharge the liabilities to the creditors and that the deficiency of the assets is at least \$1,000,000. It was put by Mr. Niblack at \$2,000,000.

The suit of John F. Golden and the Importers and Manufacturers' company, which is now pending, seeks to enforce the liabilities of the bank to the creditors.

Calls It Practicable. The order of Judge Windes states that it will be practicable for Mr. Niblack to proceed with this enforcement, as there are a considerable number of stock holders who may not be found and whose liabilities may not be enforced in the other suit.

642,000 British Husbands in War. London, July 23.—Speaking for the government in the house of lords, Lord Newton said the number of married men at present in the British army was approximately 642,000. The aggregate cost of separation allowances paid to wives and children of these men has been \$125,000,000.

Illinois Highbrow Work Sought. Springfield, Ill., July 23.—Illinois authors, historians and composers will play an important part in the 1918 centennial celebration if plans which are now in embryo can be worked out. It is hoped a complete list of Illinois authors, historians and composers can be obtained and that a complete file of their works may be exhibited.

Joe Glavin spent Thursday evening in Polo directing his band there in their weekly concert. The Polo band is one of the best in this community and the concerts are always largely attended.

Rev. G. W. Stoddard of Streator, Ill., who is an applicant to fill the vacancy as pastor of the Baptist church in this city, will preach at both the morning and evening services on Sunday and all the members of the church are urged to be present to hear his discourse.

The Streator Free Press under recent date has the following to say in reference to Rev. Stoddard:

Rev. G. W. Stoddard has announced his resignation as pastor of the First Baptist church and his withdrawal from the local field will cause him to be missed in public enterprises and in his religious work. During his three years' stay in Streator, Rev. Stoddard has participated in every public movement and has

On Italian Front.

The struggle of the Italians for Gorizia is proceeding, but the Rome claims of Italian advances are denied in Vienna. Rome reports that Turco-German forces have landed in Tripoli. Few recent operations in France and Belgium were of any importance.

Turks Concentrating.

There has been no change in the Gallipoli peninsula the past week. The Turks are concentrating many new troops and are turning out several thousand shells daily at their new ammunition plant.

Italy's Declaration.

It is believed in Rome that Italy

will declare war on Turkey in the near future.

Heavy Turk Losses.

Terrible losses were inflicted on the Turks during the night of July 4-5, according to the review of the French war office issued today.

## UNFAVORABLE REPORT; RESIGNS

Washington, July 23.—Minister Sullivan to the Dominican republic, has resigned following an unfavorable report of the state department which investigated his fitness for office. Bryan in appointing Sullivan had been consulted by financiers in behalf of the Banco Nacional of San Domingo City, which was seeking deposit of customs collected by the United States.

none the less pleasant and friendly, his popularity with all classes is easily accounted for, and the news that he is to leave this city has occasioned universal regret. He is a young man of unusual ability, especially gifted as an orator, and his work here as assistant has been characterized by deep religious fervor and the example of daily piety he has set will have a lasting impression on those who called him friend.

Although realizing that the change means a promotion, which is well merited, Father Donohue severs his relations with St. Patrick's with the keenest regret.

## CUTTING DOWN STONE HILL FOR CROSSING

WORK ON OVERHEAD BRIDGE AT McROBERTS CROSSING PROGRESSES FAVORABLY.

Contractors Lenox & Son yesterday began cutting down the stone hill on the Rock Island road south of the C. & N. W. tracks at McRoberts crossing west of town. The work on the fill on the north side of the track has been stopped because of rains making the hill too soft for loaded wagons. About 1600 yards of dirt have been hauled so far and it will require over 7,500 yards to bring the fill to the required grade.

Contractor Widener of Mankato, Minn., who has the contract from the railroad for the erection of the abutment walls and bridge for the company, has most of his material on the ground. He has water pipe stretched from the last hydrant on the Rock Island road to the site of the bridge. A long retaining wall will be erected east of the bridge on the north side of the tracks to keep the fill from rolling back onto the tracks.

## LINER ORDUNA WITH WAR SUPPLIES SAILS

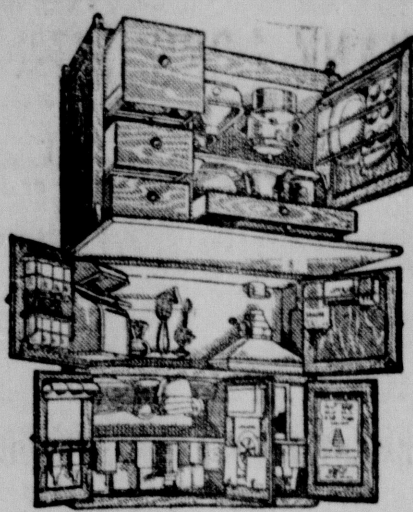

Twenty-two Americans in All Classes Aboard.

New York, July 23.—The Cunarder Orduna, laden almost to capacity, or close to 11,000 tons, chiefly war material for England, sailed for Liverpool with fifteen cabin, seventy-five second cabin and 105 steerage passengers, including twenty-two Americans in all classes. Three first cabin passengers who had booked to sail cancelled their passage not caring to take the risk of dodging German submarines. One is an American, Miss Lydia Wheeler of Philadelphia.

A few minutes before the Orduna sailed, at 10 a. m., two young women came sprinting down to the pier, too much out of breath to be interviewed and rushed up the gang plank. They are the Misses Grace Jeffrey and Ruth Buchanan of Ottawa, bound for the William Astor hospital at Cliveden, where the fiancée of Miss Jeffrey and the brother of Miss Buchanan, Lieutenant Cassels Buchanan is lying beyond hope of recovery.

Fred and Frank Vaughan and their families motored to Dixon from Amboy last evening to attend the band concert.

## W. J. KENNEDY IS DEAD

Continued from Page 1

time ago he returned to his business, but was forced to discontinue work two weeks ago, and he spent last week in a sojourn at Lowell park, where it was hoped a life of ease would give him renewed strength.

## Hope Was Futile.

However, the outing was futile and Sunday afternoon Mr. Kennedy returned to his home in this city. From that time on he sank rapidly.

Mr. Kennedy was one of the most popular men in the city. During his many years' residence in the city he has always taken an active interest in the welfare of the city; and he was especially active a number of years

ago in promoting the great national game, baseball, giving freely of his time and money in keeping a team here.

He was also one of the promoters and the most active member in the Marquette club, whose annual May parties for nearly a quarter of a century were features of the city's social life.

For a number of years he conducted a buffet in the city but of recent years has been the proprietor of a successful cigar store in the Schuler building on Galena avenue.

Obituary notice and funeral arrangements will be published later.

## IN STERLING LIVES A GIRL

**Who Suffered As Many Girls Do—Tells How She Found Relief.**

Sterling, Conn.—"I am a girl of 22 years and I used to faint away every month and was very weak. I was also bothered a lot with female weakness. I read your little book 'Wisdom for Women,' and I saw how others had been helped by Lydia E. Pinkham's Vegetable Compound, and decided to try it, and it has made me feel like a new girl and I am now relieved of all these troubles. I hope all young girls will get relief as I have. I never felt better in my life."—Mrs. JOHN TETREAU, Box 116, Sterling, Conn.

Massena, N. Y.—"I have taken Lydia E. Pinkham's Vegetable Compound and I highly recommend it. If anyone wants to write to me I will gladly tell her about my case. I was certainly in a bad condition as my blood was all turning to water. I had pimples on my face and a bad color, and for five years I had been troubled with suppression. The doctors called it 'Anemia and Exhaustion,' and said I was all run down, but Lydia E. Pinkham's Vegetable Compound brought me out all right."—Miss LAVISA MYERS, Box 74, Massena, N. Y.

### Young Girls, Heed This Advice.

Girls who are troubled with painful or irregular periods, backache, headache, dragging-down sensations, fainting spells or indigestion, should immediately seek restoration to health by taking Lydia E. Pinkham's Vegetable Compound.

## GRANDMA NEVER LET HER HAIR GET GRAY

Kept her locks youthful, dark, glossy and thick with common garden Sage and Sulphur.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. For 50 cents you can buy at any drug store the ready-to-use tonic called "Weyeth's Sage and Sulphur Hair Remedy." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant. You will also discover dandruff is gone and hair has stopped falling. Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Weyeth's Sage and Sulphur and look years younger.

## QUIT MEAT IF YOUR KIDNEYS ACT BADLY

Take tablespoonful of Salts if Back hurts or Bladder bothers—Drink lots of water.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.

## To Have Beautiful Hair, Nourish the Scalp

Dandruff must be removed and the hair root nourished to stop falling hair and itching head. No matter how unsightly your hair, how badly it's falling, or how much dandruff, simply rub Parisian Sage well into the scalp. The hair roots are nourished and stimulated to grow new hair. Even all dandruff is removed with one application, itching scalp and falling hair cease; your hair becomes soft, fluffy, seems twice as abundant and really radiant with life and beauty.

Parisian Sage is a daintily perfumed liquid, sold by Rowland Bros. and druggists everywhere; it's not only invigorating and refreshing, but perfectly harmless and inexpensive. You will be surprised and delighted with Parisian Sage, for there is nothing that will so help to double your present attractiveness as luxuriant, glorious hair, and this tonic treatment is all that can possibly be desired.

## SCHOFIELD HOTEL AND COTTAGES

This popular resort is almost as well known as the Dells. It has been entertaining summer guests for forty years, and has lately been enlarged in capacity by the erection of a large modern building, fully equipped with every modern convenience, and affording dining room, assembly parlors, etc. This is an addition to the popular cottage plan, and adds to the previous popular attractions of the older system. The hotel and cottages are in extensive grounds, delightfully shaded by large oaks, and being away from the river is most especially desirable for families with children. The location is in the edge of Kilbourn on a pretty resident street, but a pleasant walk from the river and depot, and with regular free bus and carriage service to these points. The large hotel is not surpassed in this locality in point of modern style and comfort. The annex cottages and grounds make it altogether everything that anybody would desire. The test of efficiency is in the table. This hotel is especially noted for its excellent table board. Fresh butter, eggs, vegetables and fruit are supplied daily from the farm, and its preparation by a professional chef is perfect; chicken dinners twice a week.

family for week or longer. Rooms with bath must be applied for in advance. Rates: \$2 per day, \$12 per week, half rates for children; rates made to family for week or longer. Rooms with bath must be applied for in advance. Free use of garage.

## TWO MORE DEAD IN STANDARD OIL STRIKE

Four Others Probably Fatally Hurt at Bayonne, N. J.

New York, July 23.—The fight between the Standard Oil company of New Jersey and the strikers at the Constable Hook plant in Bayonne continued with greater violence than ever. Two dead, four men probably fatally injured and at least a dozen others injured by bullets and bricks were the total casualties in the duel of rifles, revolvers and stones between the strikers and the guards of the Standard's plant and its subsidiary, the Tidewater Oil company.

The strikers lost two of their number by bullets fired by guards of the Tidewater plant.

Both were shot dead. In addition eight other strikers were hurt by bullets and three of those may die.

In the fire aimed by the guards at the crowds composed of strikers, non-combatants and women and children, one girl, two boys and several bystanders, were hurt. Three guards of the company were hurt. One of them was attacked and beaten up so badly by the strikers that he is in a critical condition. Another guard was shot through the wrist and still another was injured by falling from a building in the course of a fusillade. The company's plant was damaged slightly by four fires that the strikers started in the course of the day with the aim of destroying the extensive oil plants.

### MYSTERY IN PARTY MEETING

Prominent Democrats Holding Conclave at Catfish Lake, Wis.

Milwaukee, July 23.—National chiefs of the Democratic clan are heading for Catfish lake, seven miles from Eagle river, Wis. Champ Clark Jr. is already on the ground. Attorney General Thomas W. Gregory, Speaker Champ Clark and First Assistant Postmaster General Daniel C. Roper of South Carolina are expected at the lake within a few days. The party is to be entertained by C. M. Lewis, St. Louis, said to be prominently identified with the national liquor interests.

Mystery surrounds the conclave, but there is a hint of a secret political conference.

### GERMANY TO REGULATE FOOD

Federal Council Said to Be Preparing Official Proclamation.

Berlin, July 23.—Among the items given out by the Overseas News agency is a semi-official announcement that the German federal council is preparing to issue a proclamation regulating the food supplies of the civil population.

It is said the imperative necessity of such a measure is recognized universally.

### Pittsburgh Gets 1917 Moose.

San Diego, July 23.—The Pittsburgh delegation celebrated their victory when their city was chosen as the scene of the 1917 convention of the Loyal Order of Moose. The delegates marched on the Panama-California exposition in great numbers to participate in Moose day festivities.

### Submarines Fire Neutral Barks.

London, July 23.—Two lumberladen barks bound for England have been fired by German submarines. They are the Swedish vessel Capella and the Norwegian ship Nordlyset. The crews of both have been landed.

### Train Kills Okawville Man.

Okawville, Ill., July 23.—Frank Siple, a young man of this town, was killed by a train one mile east of here.

The Telegraph has employed the services of Geo. Murray as country circulator. John Thome still retains his position as solicitor and circulator for this paper.

## SUMMING UP THE EVIDENCE

MANY DIXON PEOPLE HAVE BEEN CALLED AS WITNESSES.

Week after week has been published the testimony of Dixon people—kidney sufferers—backache victims—people who have endured many forms of kidney, bladder or urinary disorders. These witnesses have used Doan's Kidney Pills. All have given their enthusiastic approval. It's the same everywhere, 30,000 American men and women are publicly recommending Doan's—always in the home papers. Isn't it a wonderful convincing proof? If you are a sufferer your verdict must be "Try Doan's first."

Here's one more Dixon case. W. H. Gillespie, 711 Nachusa ave., Dixon, says: My back often gets so lame and sore that it is painful for me to stoop over. I have headaches and dizziness spells; whenever any of these attacks come on, I use Doan's Kidney Pills, and they promptly remove the pain in my back and relieve the headaches and dizzy spells.

### Evidently Some Mistake.

Some time ago a party named Brown had a dream, and the thing so impressed him that he gave a detailed account of it to several of his friends.

"By the way, Jim," he remarked to an acquaintance one afternoon, "did I tell you about the dream I had the other night?"

"No, I don't think you did," responded the other. "What was it about?" "I dreamed that I was in heaven," answered Brown, with a reflective expression. "On one side there was a piano playing. On the other there was a cornet. Not far away there was a phonograph, while just beyond against there was a viol."

"You must have been mistaken, old man," impressively broke in the other. "That wasn't heaven."—Philadelphia Telegraph.

### Presence of Mind.

Watching her house burn down, the woman suddenly thought that she had written out a check and left it lying on her desk. Fortunately she could remember the number of it—281. With rare presence of mind she at once called up the bank. "Please stop payment on check numbered 281," she directed, with the crisp brevity characteristic of those balanced souls who know exactly what they want.—Boston Journal.

### Locked Up.

"Ever been locked up?" demanded the counsel for the defendant. "I have been," admitted the witness. "Aha! And what had you been doing to get yourself locked up?" "I had been doing jury duty."—London Telegraph.

### A Curious Lake.

Selawik is a curious lake near the seacoast of Alaska. Tides rise and fall in the lake by reason of an underground connection with the sea. At the bottom the water is quite salt, but at the top there is a layer of perfectly fresh water.

### PRESIDENT MAY CALL CONGRESS

Or He May Break Off Diplomatic Relations With Germany.

NOTE IS PROBABLY IN BERLIN

Officials at Washington Consider Limit of Action by U. S. in Case Germany Stands Pat on Submarine Warfare—Venezuela Case in Roosevelt's Time is Cited.

Washington, July 23.—With the understanding that the latest reply of the United States to Germany on the Lusitania case is probably by this time in the hands of the German foreign office, state department officials have turned their attention to considering the effect which the communication is likely to have.

The officials are also considering the limit of action by this government in the event that Germany and the United States, in the judgment of officials who are conducting the negotiations, are these:

The United States has told Germany that any future destruction of American life on merchant vessels without warning by submarines, would be regarded by the United States as a flagrant "unfriendly act."

The statement, however, creates two grave problems and obligations for the United States if Germany should ignore the warning.

Only Alternative.

An official explains that the United States could do only one of two things if there should be another tragedy:

"One," said this official, "would be to break off diplomatic relations with Germany."

"The other would be for the president to report the fact to congress and to send to it the whole diplomatic correspondence on the subject of the Lusitania and the general controversy."

Cites Venezuela Case.

"This was what was done when the United States could get no satisfaction out of the Republic of Venezuela during the Roosevelt administration. In that case diplomacy had reached the end of its functions by severing diplomatic relations with that country."

It is thought by some officials that if there should be any notable marine disaster, caused by Germany, involving the loss of a number of American lives before the regular session of congress, the president might be advised by the state department that it could no longer handle the matter and that congress should be called in extra session.

### CARRANZA IS CALLED TO ACCOUNT BY U. S.

Mexican Chief Violates Neutrality Pact at Naco.

Washington, July 23.—An issue has been joined between the United States and the Carranza faction in Mexico that may force the hands of this government in its relations with the republic south of the border.

Carranza has violated the neutrality of Naco, just across the line from Nogales, Ariz., and sharp representations have been sent to him in which he has been called upon to withdraw his troops from that town. If Carranza should refuse or fail to act in accordance with this injunction it would be incumbent upon the United States either to enforce the neutrality of Naco by the use of troops, or resort to other measures that might lead to immediate serious consequences. The belief is quite general that if the administration is disposed to intervene in Mexico that the opportunity will be afforded in the event of the failure of Carranza to withdraw his army from Naco.

Naco was made a neutral town because fighting in the neighborhood menaced American life and property in Nogales.

### ITALIANS ISURROUND GORIZIA

Total Austrians Captured in Three Days' Battle is 3,476.

Milan, July 23.—Further progress by the Italians in the battle on the Carso hills was shown by the capture of 1,000 more prisoners, making the total taken within the last three days 3,476, including seventy-six officers. Rifles and ammunition and several machine guns also fell into the hands of the Italians.

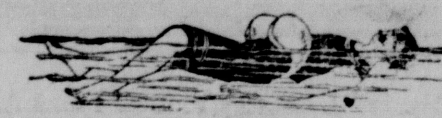

The progress of this battle so near Trieste is being watched with intense interest all over Italy, and the fall of Gorizia is expected momentarily.

The Weather.

Generally fair Friday; slightly warmer; light variable winds.
